## HEAR MUCH TALK.

Some people talk from day to day  
Until mine ears rebel;  
It seems the more they have to say  
The less they have to tell.

## WEATHER REPORT

## SURPRISED FRIENDS

Miss Riotta Squires Married At Covington To Mr. Ray Melrose.

Miss Riotta Squires, a former Maysville girl, and sister of Miss Ida Squires and a relative of Mr. and Mrs. W. R. Archdeacon, all of this city, was quietly married in Covington Friday to Mr. Ray Melrose of Chicago.

The couple have been lovers for the past seven years. However, as the bride never intimated that an early marriage was probable, the announcement came as a big surprise to her friends. She has been employed at Connersville, Ind., for several years in the millinery business.

They will reside in Chicago.

## THREE SPLENDID MESSAGES

Delivered Yesterday By Miss Davies At M. E. Church, South.

Notwithstanding the inclement weather, a great many people were present yesterday at the M. E. church, South, for the three meetings held there. At the morning service, Miss Davies gave a very clear and practical presentation of the old, old question which has been upon the hearts of man from the days of Cain, "Am I My Brother's Keeper?" With powerful earnestness this gifted speaker emphasized the truth that in the social life of today, each person must be his brother's keeper in spirit and in truth. She stressed the fact that from the Christian's viewpoint there was no such quality in the world today as "personal liberty," for every deed and word has a powerful and far-reaching influence over the lives of those in our family, church or community.

Quite an impressive service for young men was held at 3 o'clock, when Miss Davies, with the sympathy of a loving sister, brought them a message which has had untold influence on the lives of many other young men.

Very reluctantly and sorrowfully did she present the topic of her evening service, that of "Sowing and Reaping." The assurance that "God is not mocked; whatsoever a man soweth, that shall he also reap," was driven home to her hearers by emphatic truths from past ages, community life and the experience of the individual. What an awful picture of sin and its blight even to the third and fourth generation was she forced to portray! However, she closed by showing how the sowing and reaping of good were just as inevitable as that of evil, and that the great laws of God were deeply founded and not to be altered.

## MRS. ELIZABETH SMITH.

Mrs. Elizabeth Smith, aged 47 years, wife of Mr. Ben Smith, passed away at her home near Mayslick Friday night about 8:30 o'clock after a two years' illness of tuberculosis. Besides her husband, she is survived by four children.

The funeral occurred yesterday morning at 11 o'clock from the Mayslick Baptist church. Interment in the Mayslick cemetery.

## FALLING

RIVER REACHED CREST EARLY SUNDAY MORNING AND IS NOW STEADILY DROPPING BACK.

1015 Flood Causes Little Damage Here—Coal Coming.

Much to the relief of every one in this city, and more especially to those who were in the 1913 flood zone, the Ohio river at this point is falling.

Up to 12:30 Saturday the rise was steady, and then it began to "stand," reaching the 53 foot mark, where it held until about 4 o'clock in the afternoon, when the great mass of backwater, having the pushing pressure lessened on its front, began running into the main stream, which caused it to rise about four inches, and at 5:34 it came to a "stand," where it remained until yesterday morning, when it began falling, and since then has gone down gradually, and let us hope will never again reach the 53 foot mark.

Now comes the matter of cleaning up after the muddy waters have subsided sufficiently to allow the removal of the sediment left in the houses and on the streets. This will be a difficult task just now, on account of the freezing weather, which will render it impossible for those who were compelled to move out and where the water inundated the first floors, to go back for some time.

Our sister town of Aberdeen suffered the flooding of its entire First street residences, and caused a great deal of inconvenience, and in some cases a large loss.

The river is now falling from Pittsburgh to a point below Cincinnati, and with no rain in sight and the present cold snap, it is hoped it will get back to its normal stage.

About 3,000,000 bushels of coal were shipped from Pittsburgh Saturday for the south.

## SUPERVISOR'S REPORT

Tobacco Sales Last Week 2,224,460 Pounds—Total Sales To Date 14,410,620—Lively Market Predicted.

In his weekly report of Maysville's tobacco market, Supervisor Cliff says: We sold the past week, 2,224,460 pounds at an average of \$8. High, \$8.55, and any number over \$40.

Good, sound tobacco is bringing good prices, being stronger than any time since the market opened.

Medium and cheap about the same. The warehouses are all cleaned up, ready for the new week.

The river is now falling, and there is no danger. Our advice is to continue bringing in your tobacco as fast as ready.

W. E. CLIFT, Supervisor.

Lexington has sold 30,548,190 pounds to date; 4,418,815 last week.

## HON. J. N. KEHOE IN LEXINGTON.

## THREATENED TO SHOOT.

A warrant has been issued for Edgar, who will probably be tried this afternoon before Squire Fred W. Baner.

## TWENTY SNOWS, SO FAR.

Yesterday's snow was another exhibition of what Dame Nature can do in the art of manufacturing the beautiful snow. It fell nearly all day and last night in gentle, fleecy flakes; the depth, however, this morning was only about an inch.

This is the twentieth snow this winter.

## SPLENDID ADDRESS

Was That On "The Child and the Nation" By Dr. Benn Before P. T. A.—Asked To Repeat It.

In his eloquent and scholarly manner, Rev. Dr. R. L. Benn held the attention of his hearers during the discourse of his pertinent subject, "The Child and the Nation."

So profoundly were we impressed with the great truths of his splendidly delivered message, that it was decided to ask him to repeat it.

That the fathers as well may be given the opportunity of hearing him, the next regular meeting will be an open session held in the evening at which he not only most obligingly consented to repeat, but to enlarge upon his address.

It is planned to make it a distinctly social affair, followed by refreshments.

The valentine party was voted postponed on account of the meetings in progress at First M. E. church, South.

## GOING AFTER THE JITNEYS.

Plenty of people who lack the ability to see all sides to a proposition can be found to declaim the merits of the "jitney buses" which are competing with the street cars in not a few cities. In a period of general depression, when the average street car company is hard pressed to make both ends meet, the autobuses are cutting into revenues in anything but a pleasant manner. The auto bus has been one of the big thorns in the side of the municipally owned tramways of London, and given as the reason why the tramways were persistent money losers. The auto bus pays no special taxes or license fees, in most cases, and generally uses the tracks and pavements paid for by the street railway. The driver, often, is an independent operator content to earn a small margin over the cost of repairs and gasoline. He is able to take the cream of the business and leave the long hauls and the light-traffic routes to the railway company. Particularly on the Pacific coast has the "jitney bus" started to offer serious competition to the transportation lines, and the latter are complaining over the obvious unfairness involved.

California legislators have already discovered an annoying fly in the ointment, otherwise considered so pleasing to the people and so discomfiting to the "big corporations." It lies in the effect which the jitney competition is going to have on the taxes paid the state by the urban railways. Senator Benedict of Los Angeles is reported as saying: "We have got to regulate the jitney buses some way. They are taking a vast amount of business away from the street car companies, which pay their taxes to the state on a basis of their gross earnings. It is reported that the state will lose \$150,000 in taxes because of the loss of this business. And they must be regulated as to safety. In Los Angeles the jitneys have caused more accidents and killed more people than all the other automobiles put together."

Therefore, a bill has been introduced in the California Legislature declaring the auto buses to be common carriers and prescribing a tax upon them similar to that paid by the street railways.

## "ONLY A DEMOCRATIC ADMINISTRATION."

Food prices in England have gone up 20 per cent in the past few months, but they are not yet up to the food prices in this country. In England they blame it on the war, which is doubtless correct, but in this country we have no war—only a Democratic administration which promised to reduce the cost of living, and has failed because it didn't know what it was talking about.—Grafton (W. Va.) Daily Sentinel.

## EDITORIAL BYPLAY.

There is no man in public life in Kentucky who could be as badly jarred as will be the Hon. A. O. Stanley when he knows that the press of the state is pretty much unanimous on the proposition that his attack on General Percy Haly and some others was in distressingly bad taste.

## CHAPTER I.

The men were all lined up against the bar, the gleaming, seductive mahogany bar, across which the foam-lashed schooners moved without sail.

There were eight of them, the line terminating with Bubbles Tightly, who was nearest the door.

For the first round Alec Winkle paid.

Then Winthrop Burgle paid.

Then Amos Smashberg paid.

Then Parbur Vanigan paid.

Then Si Hamgoner paid.

Then Yecoop Pinkers paid.

The seventh round was almost consumed. But a few drops dangled in the holds of the schooners. Very, very shortly Bubbles Tightly would have to come across.

"Just a moment, boys; I gotta phone," he excused himself.

He moved away slowly, away from the bar—toward the door.

Seven men dashed after him with clubs—and bricks.

## THE BRIDGE CLUB.

There can not be much fun in it. They just sit there and scowl; When some one trips her partner's feet there is an awful howl; They sit and nag and scold and scarp over every card that's played, And criticize each other's clothes; also the way they're made. They sit and play four hours or more; no love shows in their eyes. They're fighting for a ten-cent dish for that's the first big prize. Each one slams down her card quite hard enough to break her wrist. There's no love lost, I'll tell you that, when women folks play whist.

## MAY PROVE FATAL

When Will Maysville People Learn the Importance of It?

Backache is only a simple thing at first; But if you find 'tis from the kidneys; That serious kidney troubles may follow; That dropsy or Bright's disease may be the fatal end; You will be glad to know the following experience.

'Tis the statement of a Maysville citizen, Mrs. Della Lunsford, 328 E. Front St., Maysville, Ky., says: "I attributed kidney trouble to a strain. I had sharp, shooting pains through my kidneys and a dragging down feeling through my hips. I had dull headaches and dizzy spells and often if I had not caught hold of something for support, I would have fallen. I was in that condition for several years, up one week and in bed the next. I finally began to notice symptoms of dropsy and in a short time I was suffering from that trouble. My feet began to swell and my hands were at times the same way. At night I was restless and always felt tired. I read of a similar case being cured by Doan's Kidney Pills and I got a supply. Before long I was completely and permanently cured. Doan's Kidney Pills saved my life. I am glad to confirm my former endorsement of this remedy." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lunsford had. Foster-McBarn Co., Troy, Buffalo, N. Y.

### MEXICO "THE SMOKER'S PARADISE."

Mexico may be called the smoker's paradise. There is plenty of good, cheap tobacco in that country, where the leaf grows freely. Furthermore, no tax is levied upon it. One may buy in Mexico a cigar, every bit as good as the average first-class brand in this country, for a sum equivalent to 2½ cents of our money. Cigarettes are cheap in proportion. To protect the domestic article, Mexico levies a prohibitive tax upon imported tobacco, so that no Mexican thinks of buying an American cigar.

The laboring classes are able to buy two boxes of cigarettes, containing ten each, for 2½ cents in our money. The tobacco in these is the sun-dried natural leaf and of coarse grade, with coarse paper wrappings. The market is abundantly supplied also with cigarettes of high grade tobacco in the best paper wrappings. For the most part the Mexican takes his tobacco in the form of cigarettes.

### THE STORY OF THE BIG DOLLAR AND THE LITTLE PENNY.

A dollar and a penny once happened to come together in the same pocket and the dollar at once began to put on airs like a red cow in a new barnyard. "I am a big gun," said the dollar, "and you are a nobody. I am white and bright and you are only a dull, mild colored little Indian. I am religious, for I am all the time saying, 'In God We Trust,' and you are only a pagan. I am a patriot, for on one side I have the American eagle and on the other the Goddess of Liberty, and I lay lots of fireworks for the Fourth of July. I am heavenly minded, for I have stars to think about, and you don't have anything. I am precious, for I am nice, bright silver, and everybody wants me. But you are only base copper and nobody cares a snap for you." "That may be all so," said the little penny, "you may be more patriotic than I am and more religious than I am, but I go to church and Sunday school a good deal more than you do."

### ENGLISH LINER FLIES U. S. FLAG IN IRISH SEA TO DODGE GERMANS.

London, February 6.—The controversy precipitated by Germany's charge that Great Britain secretly advised masters of British ships to fly neutral flags where necessary for their protection against ships of the enemy, took a serious turn tonight when it was reported from Liverpool that the Cunarder Lusitania from New York, crossed the Irish sea flying the American flag. The passengers of the liner were landed at Liverpool early this morning. The American emblem was still displayed when she made that port.
